RE: S B 278 – USFWS – CMR Wildlife Refuge Water Compact

To Whom It May Concern:

We are asking that Chairman Vincent and members of the Senate Committee please give their full consideration and support to the proposed CMR Wildlife Refuge water compact between the Montana Wildlife Service. As producers and members of local government we have participated in the many public and negotiation meetings although not perfect, we feel the compact is something we agree with. Several compromises were made by both sides including the list of streams with quantified rights, amounts of water for instream flow, and period of use.

Again, we support the CMR Wildlife Refuge Water Compact as written, and would hope your committee and the full legislature would pass SB278.

Thank you for your time and consideration.
